## Nature WILD

BC's only homegrown nature magazine for kids! Find fascinating articles on BC's wildlife and ecosystems written by leading naturalists, biologists and Indigenous ecological experts. The magazine features stories of children and youth taking action for the environment, activities, games and contests. NatureWILD is mailed to members quarterly.

KIDS NEED NATURE.  
NATURE NEEDS KIDS.

CONNECT YOUR FAMILY  
TO NEARBY NATURE.

EVERYONE IS INVITED!

NatureKids BC is an exciting nature discovery and environmental action community that invites families to discover nature in their own neighbourhoods.

## NATURE KIDS BC CLUBS

(CREATING FAMILY MEMORIES SINCE 2000.)

NatureKids BC helps kids, and the grown ups who love them, get outdoors. Explore, play, learn and take action for nature through our nature club network.

## GET OUTDOORS & EXPLORE

We make it easy for families to enjoy EXPLORER DAYS with local experts to discover nature together.

- Watch the salmon run.
- Bird watch together!
- Plant a tree.
- Pond dip for aquatic insects.
- Go fishing.
- Explore a forest or a marsh.

## OUR VISION: TO CONNECT EVERY CHILD AND THEIR FAMILY IN THE DIVERSITY, COMPLEXITY, AND WONDER OF THE NATURAL WORLD.

How? By exploring local ecosystems, learning about wildlife and plants, taking part in environmental actions and building tomorrow's nature protectors!

## TAKE ACTION

NatureKids BC actively engages our members in stewardship and community science initiatives. This is our way of protecting and restoring wild spaces. It's also a fantastic way to learn about the natural world and to make a tangible difference to our local environment.

Typical activities include:

- Bird and bat box construction, cleaning, maintenance.
- Removal of invasive species.
- Planting of native shrubs and trees.
- Shoreline clean-ups.

## JOIN A NATUREKIDS CLUB
